EDUCATION

Baba Farid College of Engineering and Technology B.Tech in Computer Science - Expected Graduation: May 2026 CGPA: 7.2/10

PROFILE SUMMARY

Aspiring Full Stack Developer with expertise in MERN Stack (MongoDB, Express.js, React, Node.js). Proficient in developing scalable web applications, managing full project lifecycles from design to deployment, and continuously upgrading skills to provide innovative solutions.

PROJECTS

EasyGo Application & Admin Panel | Sept 2024 - Present

Tools: React Native, Expo, Google Maps API, MappedIn

Developed a mobile-friendly app allowing users to upload and explore maps. - Integrated Google Maps API to provide location-based services and navigation. - Implemented features for map uploads and app downloads. - Focused on responsive design and efficient API usage to enhance the user experience. Admin Panel for managing maps.

Online Food Ordering Website | June 2024 | [Visit](#)

Tools: React, Node.js, MongoDB, Express.js

Developed a responsive user interface with React. - Implemented secure user authentication using Node.js and MongoDB. - Managed data and user operations with efficient back-end architecture. - Utilized Context API for consistent state management.

Weather Checking Application | March 2024 | [Visit](#)

Tools: React, TailWind, API Integration

Developed a sleek, responsive web app using React and TailWind. Integrated real-time weather data via API, supporting global cities.

Image Searching Web App | Aug 2024 | [Visit](#)

Tools: React, API Integration

Developed a web application that allows users to search for images using keywords. Integrated third-party image APIs to fetch relevant images and display them in a responsive grid layout. Implemented efficient search algorithms to provide quick and accurate results. Focused on clean UI design using React, ensuring a seamless user experience across different devices.

SKILLS

Languages & Frameworks: JavaScript, TypeScript, React.js, Node.js, React Native, MongoDB, Express.js, TailWind, CSS, HTML, Python (basics), C++ (OOP).

Mobile Development: React Native, Expo.

Tools & Platforms: GitHub, Expo, Vercel, Git.

ACHIEVEMENTS

Certified in Web Development with a focus on Full Stack Technologies.

Led a team (Team VR) to develop a virtual reality tour of Baba Farid College, gaining experience in project coordination, VR development, leadership, and teamwork.
